## Zoom Virtual Youth Group Information, Expectations and Guidelines

Dear Parents/Guardians,

Due to the current COVID-19 restrictions the Jubilee Parish Youth Co-ordinators, Georgina and Sinead, are running virtual Youth groups for grade 5 & 6's during the school term. These groups will meet every week via Zoom with the option to attend either on Wednesday (Blaze) or Friday (Lighthouse) afternoons until we can gather in person again. This interaction will provide an opportunity for students to socialize with one another and maintain a little normalcy in these difficult times.

ZOOM is a video meeting platform that does not require an account to use, just download the application from: <https://zoom.us/support/download> and follow the installation prompts. We will provide you with a meeting ID and password via the email address used to register your child.

- Please use only your child's first name as the username.
- We ask that you do not share meeting details with other parents and students, but direct them to the Jubilee Youth Ministers to gain this information.
- Students/parents/guardians, should not take photos, screenshots, record any video, or audio, from these meeting sessions. You do not have permissions to do so.
- Parents/guardians should be mindful about what family activities would potentially be heard/seen during the child's use of video meetings. Ensure students use zoom somewhere you can monitor their computer use.
- Please ensure students dress appropriately in video meetings and make sure that there are no distracting materials/backgrounds or personal items (e.g. family photos, links to address).
- We are aware of recent Zoombombing issues (unwanted participants entering meetings) and have taken appropriate precautions including password protection, waiting rooms prior to meeting entry and enabling extra security features.
- Please have social media and video meeting devices charged and secured somewhere safe whilst not in use.
- If you do decide to create an account please do not login through Facebook, rather use a secure email address and password.

For more information or help with installation please contact Georgina or Sinead at
